**INFORMATION DISCLOSURE STATEMENT (IDS)**

Applicants submit herewith patents, publications or other information of which the applicants are aware, which may be material to the examination of this application and in respect of which there may be a duty to disclose under 37 CFR 1.56.

The USPTO rules has recently been revised such that IDS's for applications filed after June 30, 2003 do not need to include paper copies of the US patent references. Accordingly, no paper copies of the U.S. patent references identified in this IDS are submitted herewith since the filing date of the present application is after June 30, 2003. Only the copies of foreign patent and/or other relevant publication references are submitted herewith.

The filing of this information disclosure statement shall not be construed as a representation that a search has been made (37 CFR 1.97(g)), an admission that the information cited is, or is considered to be, material to patentability or that no other material information exists.

The filing of this information disclosure statement shall not be construed as an admission against interest in any manner. Notice of January 9, 1992, 1135 O.G. 13-25, at 25.

The references submitted herein are listed on PTO-1449 form (modified) enclosed herewith. A copy of each reference listed is being furnished except any duplicate or cumulative patents or publications specified otherwise.

The Statement is made on the basis of the information:

- ☐ supplied by the inventor(s);
- ☒ supplied by an individual associated with the filing and prosecution of this application (37 CFR 1.56(c));
- ☐ in the attorney's file; or
- ☐ cited in a corresponding PCT, EPO, and/or foreign application, if any.

Date: December 2, 2003

Respectfully submitted,
